## Description

The **SteelSeries Aerox 3 2022 Edition** brings cutting-edge technology to gamers by combining ultra-lightweight design with high performance. Weighing just 59g, its honeycomb structure minimizes weight to improve agility and reaction time. The **TrueMove Core sensor** delivers precise tracking in the 200-8,500 DPI range, making it suitable for both swift movements and precise aiming.

The **USB-C connection** ensures quick and effortless setup, providing instant response times in games. The mouse features an **IP54 water- and dust-resistance certification**, protecting its internal components from moisture and debris, ensuring durability and reliability.

Customizable **RGB lighting** allows users to tailor the mouse's appearance to their preferences, with endless color and effect options available via the **SteelSeries Engine** software. The ergonomic design ensures comfort during long gaming sessions, while the buttons are built to withstand millions of clicks for extended longevity.

The **Super Mesh cable** reduces drag and allows for smooth, unhindered movement, letting the mouse glide effortlessly across surfaces. Whether you play fast-paced FPS games or strategic titles, the Aerox 3 is an ideal choice for all types of gamers.
